/ LOOKING FOR A WAY IN

UNREAL ENGINE

I have completed an internship with Alphanova. Have experience working with a team, we used azure as a version control system, I'm currently working on my own UE project. See demo in my instagram reels

C++

I have completed a course on udemy: <https://www.udemy.com/certificate/UC-2ee1b9bb-3ef5-444c-bb81-de0fe5837a17/> I study on Bjarnes principles and practices and I keep a exercise log on github: <https://github.com/WaOLi/Cpp>
